

# Geokart-International Sp. z o.o. Offset and Digital Printing House

From the very beginning, our printing house focuses on **high print quality and comprehensive customer service**. We have our own graphic studio, where we design and print all advertising materials and cartographic publications **in any circulation**.

We try to meet the expectations of customers by offering a wide range of maps, books, magazines, catalogs, through forms, brochures, guides, advertising leaflets, folders, business cards, binders and various calendars, etc.

We have the possibility of making **various types of print refinements**, from foiling, spot varnish, to embossing, dies, decorative papers and many others, depending on the tastes of customers. **Hardcover** is also our specialty. As one of the few printing houses in Podkarpackie Region, we have the full **B1** printing format.

We try to look for unconventional design and technological solutions, thanks to which our works are attractive, original and meet the intended goals. Thanks to our offer, quality and speed of implementation, **many companies from all over Poland have trusted us**.

The printing house is equipped with offset machines and many accompanying and bookbinding machines and devices, incl. **hardcover station**. Our machine park also includes digital printing devices:

- Xerox® Versant® 280 Digital Manufacturing System offering high performance. It ensures high quality color printing. It is also equipped with a set with replaceable toners for printing using **gold, silver, white and colorless toner**.
- Laser printers capable of printing in color.
- Advanced Xerox® PrimeLink® production system for black and white printing.
- Plotters, including Canon ImagePROGRAF offering prints from a roll with a width of 1067 mm.
- The 11-ink EPSON Stylus Pro 4900 printer ensures accurate color reproduction and high-quality prints.

Our machines can print on offset, chalky and decorative papers as well as cardboard with various grammages. **The equipment is constantly modernized** to meet the highest requirements of our customers.

As a printing house, we also meet the requirements entitling us to participate in **public procurement**.
